

Tholoana Mothibi

Software Developer, Database developer

Carletonville, Gauteng, South Africa | tmothibi796@gmail.com | 078 923 1932

[LinkedIn Profile](#) | [github profile](#)

Summary

IT undergraduate specializing in database systems, SQL and software development, with hands-on experience building applications including a C#/SQL desktop system for waste management. Combines strong technical grounding with a genuine passion for teaching - having tutored and mentored peers in accounting and programming modules. Golden Key member currently seeking an internship where technical skill and clear communication can both be put to use.
